

**PPM plan for granulate suppliers:**

| Number of years from supplier approval<br>(date of signing of supplier requirements) | PPM value |
|--------------------------------------------------------------------------------------|-----------|
| 0                                                                                    | 10000     |
| 1                                                                                    | 9000      |
| 2                                                                                    | 8000      |
| 3                                                                                    | 7000      |
| 4                                                                                    | 6000      |
| 5                                                                                    | 5500      |
| 6                                                                                    | 5000      |
| 7                                                                                    | 4500      |
| 8                                                                                    | 4000      |
| 9                                                                                    | 3700      |
| 10                                                                                   | 3400      |
| 11                                                                                   | 3200      |
| 12                                                                                   | 3100      |
| 13                                                                                   | 3000      |
| 14                                                                                   | 3000      |
| 15 and more                                                                          | 3000      |

**PPM plan for part suppliers:**

| Number of years from supplier approval<br>(date of signing of supplier requirements) | PPM value |
|--------------------------------------------------------------------------------------|-----------|
| 0                                                                                    | 350       |
| 1                                                                                    | 300       |
| 2                                                                                    | 250       |
| 3                                                                                    | 200       |
| 4                                                                                    | 180       |
| 5                                                                                    | 170       |
| 6                                                                                    | 160       |
| 7                                                                                    | 150       |
| 8                                                                                    | 140       |
| 9                                                                                    | 130       |
| 10                                                                                   | 120       |
| 11                                                                                   | 110       |
| 12                                                                                   | 100       |
| 13                                                                                   | 100       |
| 14                                                                                   | 100       |
